Subject: Relief Bennett Seeks under Gov't Code 15606

Carole,

In my regulatory petition and depublication request I continue to seek the remedies provided for under 11340.7 and 5700.

I now seek additional relief by asking BOE to fulfill the mandatory duty imposed on BOE by Gov't Code §15606 as follows:

Identify each escape assessment made by county assessors at any time where the assessor applied Part 0.5 of the R&T Code retroactively against property owners who acquired their ownership rights prior to 1979.

Compel the assessors to reverse each such escape assessment as void and unconstitutional pursuant to R&T §51.5(a) (see *Sunrise Retirement Villa v. Dear* (1997) 58 Cal. App. 4th 948).
